

## **STUDY AND CAREER GUIDANCE SERVICE**

**and other services for the customers  
of the local government pilot on  
employment in Central Ostrobothnia**

## The study and career guidance services are meant for you if

- your employment situation is changing (i.e., you are unemployed, temporarily laid off, in subsidised employment, or enrolled in services promoting employment)
- you want to find out what your possibilities for study or employment are
- you need guidance regarding the choice of education, degree or career
- you have completed a university degree or equivalent, or you are interested in studying at a higher education institution

Study and career guidance is provided as individual guidance

- Face-to-face meetings are possible
- The guidance helps you progress towards education and working life by clarifying and supporting your possibilities
